API TERMS (2026:1)

TRADEREGISTER.FI FREE API AND MCP SERVER

Updated: October 2026

1 GENERAL

1.1 General Terms. These API terms (the **"API Terms"**) apply to the delivery of the Service to User and User's use thereof. By accessing or using the Service, User confirms that it has read, understood and agrees to be bound by the API Terms, which constitute a binding and enforceable contract between User and Coragrid. In the event of any conflict or inconsistency between any terms and conditions of the Agreement, the following order of precedence applies: (i) these API Terms; and (ii) supplementary documents included or referenced in these API Terms.

1.2 Modifications. Coragrid reserves the right, in its discretion, to amend, modify or alter the API Terms at any time. The current version is published at traderegister.fi/terms-of-service, where User will be notified of any material amendment. By continuing to use the Service, User agrees to the changes.

2 DEFINITIONS

2.1 In this document, unless the context otherwise requires:

"Agreement" means these API Terms, the Documentation and any supplementary documents referred to in such documents;
"AI Assistant" means an artificial intelligence assistant, agent or similar automated client that accesses the Service on behalf of a specific person, including through MCP;
"Coragrid" means Upperformance Oy, a Finnish limited liability company, Business ID 3282334-3, with address Lapinlahdenkatu 16, 00180 Helsinki, Finland;
"Coragrid API" means Coragrid's public company data API documented at coragrid.com, from which the Service retrieves every Record live;
"Data Protection Laws" means all applicable laws, rules and regulations that apply to or govern the processing of personal data from time to time, including the General Data Protection Regulation (EU) 2016/679 of the European Parliament and of the Council (**"GDPR"**);
"Documentation" means the API documentation page at traderegister.fi/api, the OpenAPI document it links to and the agent files linked from traderegister.fi/llms.txt, as updated or amended from time to time;
"Effective Date" means the day User first accesses the Service;
"Feedback" means comments, suggestions, improvements, ideas or other feedback, whether written or oral;
"Input" means the queries and any other information or data submitted to the Service by User;
"Intellectual Property Rights" means all copyright and related rights, design rights, registered designs, patents, trade and service marks, database rights, know-how, trade secrets, rights in confidential information and all other intellectual property rights, whether registered or unregistered, throughout the world for the full term of the rights concerned;
"MCP" means model context protocol, being an open standard that enables AI systems to securely connect to external data sources, tools and systems;
"Output" means the Records the Service returns for an Input;
"Privacy Notice" means TradeRegister.fi's general privacy notice, available at https://traderegister.fi/privacy-policy, as updated or amended from time to time;
"Records" means any data, output or document made available through or in connection with the Service, such as search results, company profiles and current officers as official company registers publish them, with their sources and observation times, including the Documentation, but excluding Input;
"Service" means the free JSON API described in the Documentation and the MCP server that exposes the same Records to AI Assistants; and
"User" means the person or entity that accesses or uses the Service and, where a person acts on behalf of an organisation, that organisation, which the person represents that they have the authority to bind.

3 LICENCE

3.1 Service. The Service is provided free of charge and needs no account, key or order form. Subject to User's compliance with the Agreement, Coragrid will make the Service and the Records available to User in accordance with the Agreement for as long as the Service is offered.

3.2 Licence. Coragrid grants to User a limited, non-exclusive, non-transferable and non-sublicensable right to access and use the Service and to use the Records in its internal business operations and in its own products

and services, provided that company data is shown as powered by Coragrid wherever User displays it, as the Documentation describes.

3.3 Coragrid API keys. The Service needs no key and issues none. A Coragrid API key unlocks the full Coragrid API and the cgd command line; keys are issued by Coragrid on request and used under the Coragrid Terms of Service at coragrid.com/terms-of-service, not under the Agreement.

4 USAGE

4.1 Compliance. User will comply with the API Terms, the Documentation and any other requirements or guidelines communicated by Coragrid from time to time, and is responsible for all activities of its users and its AI Assistants. The Service is a shared, rate-limited resource: User will respect the per-client rate limit and the Retry-After header the Documentation describes, cache what it can, and not spread requests across clients or subjects to exceed the limit. Retrieval by an AI Assistant on behalf of a specific person, directly or through MCP, is permitted and counts against that client's allowance.

4.2 Acceptable Use. User may not (and will not permit or assist any other party to):

i) copy a substantial part of the Records, whether or not User stays inside the rate limit, to build a competing company data service or to redistribute them as a dataset;
ii) use the Service or the Records to design, develop, train, fine-tune, evaluate or otherwise develop any artificial intelligence, machine learning or large language model without Coragrid's prior written consent;
iii) circumvent, exceed or interfere with the rate limit, the human verification or other capacity protections, including by rotating client addresses, user agents or subjects;
iv) use any robot, spider, scraper or other automated means to extract company data from the website's pages, which are for people;
v) present Records as official register extracts, or imply official status, endorsement or affiliation by any register or public authority;
vi) use the Service or the Records to harass or profile the individuals named in a Record, or otherwise in violation of applicable law, including Data Protection Laws;
vii) sell, sublicense or otherwise offer the Service itself, or access to it, to any third party; or
viii) take any action that risks harm to others or to the security, availability or integrity of the Service.

4.3 Suspension. Coragrid determines, at its reasonable discretion, what constitutes a violation; where the conduct is ambiguous and low-risk Coragrid will normally ask before acting. Coragrid may, without prejudice to any other remedies available to it, suspend or restrict User's access to the Service immediately, including by client address, if User is in breach of the Agreement, exceeds the rate limit repeatedly or risks harm to the security, availability or integrity of the Service.

4.4 Changes to the Service. The Service is provided as a free preview and may include test features. Coragrid may change, limit or discontinue any feature, or the Service as a whole, at any time; the Documentation describes the contract in force. User agrees that its use of the Service is not contingent on the delivery of future features or functionalities.

4.5 Fees. The Service is provided free of charge. Coragrid may offer paid tiers in the future; no fees apply unless User separately agrees to them in writing.

5 TERM AND TERMINATION

5.1 Term. The Agreement commences on the Effective Date and remains in effect for as long as User uses the Service. User may stop using the Service at any time.

5.2 Termination. Coragrid may terminate User's access to the Service, or withdraw the Service, at any time. Provisions of the Agreement that by their nature should survive termination will survive, including Sections 6 to 10.

6 INTELLECTUAL PROPERTY RIGHTS

6.1 Coragrid Intellectual Property Rights. Coragrid, or its affiliates or licensors, will remain the exclusive owners of all Intellectual Property Rights in and to the Service and the Records (including the Coragrid index and database the Service is built on and the underlying technology, software and content). Except for the limited rights expressly granted under the Agreement, Coragrid does not transfer any rights or interest in or to the Service or the Records.

6.2 Input and Output. As between User and Coragrid, User retains all rights to its Input and may use Output as the Agreement allows; Coragrid retains all rights to the underlying database and index used to generate the Output.

6.3 Usage Data. Coragrid owns all data and information generated, collected or derived from the use of the Service (**"Usage Data"**). Coragrid may use Usage Data for any lawful business purpose, including to (i) deliver, operate, secure and support the Service, and (ii) develop and improve the Service, provided that any Usage Data disclosed to third parties must be in aggregated or anonymised form so that it cannot be attributed to User.

6.4 Source Notices. Records originate from official company registers and other public sector or third-party sources and may be subject to source notices, attribution requirements or licence terms, which Coragrid provides in the Documentation or with the Records where required. User's use of such material remains subject to them. No use of it through the Service implies official status, endorsement, affiliation or approval by any source provider or public authority.

6.5 Feedback. If User provides any Feedback, User agrees that Coragrid and its affiliates may use the Feedback without restriction.

7 PRIVACY

7.1 Data Provider. Coragrid provides the Records as a data provider: an aggregation and search layer over official company registers, which shows what a register published. To the extent the Records include personal data, Coragrid makes it available on the basis of its legitimate interest in facilitating B2B commerce and market transparency under Article 6(1)(f) of the GDPR, in line with the purpose for which the register published it, as the Privacy Notice describes. User determines its own purposes and legal basis for any further processing.

7.2 Independent Controllers. To the extent the Records include any personal data, namely the names and roles of company officers as the registers publish them, the parties acknowledge that they are each a separate and independent controller of the personal data, and the parties will not process any personal data as joint controllers. Each party will comply with all obligations under Data Protection Laws, and each party will be individually and separately responsible for its own compliance.

7.3 User Personal Data. Coragrid acts as the data controller for personal data processed to provide the Service to User, such as client addresses and the subject identifiers an MCP host sends. That use is governed by the Privacy Notice.

7.4 Corrections. If User believes a Record is wrong, User should tell Coragrid with the register and identifier, the disputed field and a link to the official source showing the expected value. Coragrid does not depart from what the register publishes: a correction made at the register is the durable fix, and it flows into the Service.

8 WARRANTIES AND REPRESENTATIONS

8.1 No Reliance, etc.. The Service and all Records do not constitute legal, financial, tax, credit or compliance advice. The Service shows what a register published, or an explicit statement that a value is unknown, restricted or no longer current. Coverage depends on the registers Coragrid has connected and qualified: a company missing from the Service is not evidence that it does not exist, a Record may lag the register, and a value shown as unknown means the register does not state it, not that it is zero or absent. User understands that Records may be incomplete, inaccurate or out of date, and agrees to independently verify any information that is material to a legal, financial, regulatory or compliance decision; the register of the company's home country remains the authoritative source. Coragrid shall have no liability for any decision made, action taken or not taken, or loss incurred in reliance on the Service or any Record.

8.2 Warranty Disclaimer. TO THE FULLEST EXTENT POSSIBLE UNDER APPLICABLE LAW, THE SERVICE AND THE RECORDS ARE PROVIDED "AS IS" AND "AS AVAILABLE", AND CORAGRID DOES NOT GIVE ANY REPRESENTATIONS, WARRANTIES, TERMS, CONDITIONS OR STATEMENTS, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE AS TO THE QUALITY, CONTENT, ACCURACY, COMPLETENESS, TIMELINESS, AVAILABILITY OR FITNESS FOR A SPECIFIC PURPOSE OF THE SERVICE OR THE RECORDS, OR THE NON-INFRINGEMENT OF ANY THIRD PARTY INTELLECTUAL PROPERTY RIGHTS, A WARRANTY OF MERCHANTABILITY, OR THAT OPERATION OF THE SERVICE WILL BE SECURE, UNINTERRUPTED OR FREE OF HARMFUL COMPONENTS. USER ASSUMES TOTAL RESPONSIBILITY FOR THE SELECTION OF THE SERVICE TO ACHIEVE ITS INTENDED RESULTS.

9 INDEMNIFICATION

9.1 Indemnification by User. User will defend Coragrid against any claim by a third party arising out of or relating to (i) User's breach of the Agreement, (ii) User's unauthorised use of the Service or the Records, or (iii) any product, service or work User builds with them, and will indemnify Coragrid against damages and reasonable costs finally awarded or agreed in settlement.

9.2 Procedure. Coragrid must promptly notify User in writing of any potential indemnification claim and give User sole control of defence and settlement, provided that User will not agree to a settlement imposing a non-financial obligation on or admission of guilt of Coragrid without Coragrid's prior written consent, and Coragrid will provide reasonable cooperation at User's expense.

10 LIABILITY LIMITATIONS

10.1 Liability Exclusions. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, NEITHER PARTY IS LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, PUNITIVE, INCIDENTAL OR SPECIAL DAMAGES, INCLUDING LOSS OF PROFITS, REVENUE, DATA OR USE, INCURRED BY THE OTHER PARTY OR ANY THIRD PARTY, WHETHER IN AN ACTION IN CONTRACT OR TORT, ARISING FROM OR RELATED TO THE AGREEMENT, THE SERVICE OR ANY USE OF THE SERVICE, EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

10.2 Limitation of Liability. IN ADDITION TO ANY OTHER LIMITATIONS OF LIABILITY UNDER THE AGREEMENT AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, CORAGRID'S ENTIRE LIABILITY IN THE AGGREGATE FOR ALL CLAIMS RELATED TO THE AGREEMENT (REGARDLESS OF THE BASIS OF THE CLAIM) WILL NOT EXCEED ANY ACTUAL DIRECT DAMAGES INCURRED BY USER UP TO THE TOTAL AMOUNT OF FEES PAID BY USER UNDER THE AGREEMENT IN THE TWELVE MONTHS PRECEDING THE FIRST EVENT GIVING RISE TO LIABILITY. THE SERVICE IS FREE OF CHARGE, SO FOR A USER WHO HAS PAID NO FEES THAT AMOUNT IS ZERO.

10.3 Notification. User must notify Coragrid in writing of any claim under or arising out of the Agreement without undue delay and in any event within twelve months from the date on which User became aware, or reasonably should have become aware, of the circumstance giving rise to the claim.

10.4 Non-excluded Liability. Nothing in the Agreement limits or excludes either party's liability for death or personal injury caused by its negligence, fraud or fraudulent misrepresentation, or wilful misconduct, or any other liability that may not be excluded or limited by law, including the statutory rights of consumers.

11 MISCELLANEOUS

11.1 Publicity. Beyond the attribution to Coragrid that the Agreement requires, neither party may use the other party's name, logo or likeness without the prior written consent of the other party.

11.2 Notices. All notices or any other communication required or permitted under the Agreement will be in writing and will be deemed given when delivered by email, to User at an address User has given Coragrid and to Coragrid at the email address below.

11.3 Force Majeure. No party will be liable for any failure or delay in performing its obligations under the Agreement if the failure or delay is due to circumstances beyond its reasonable control, and the time for any performance will be deemed to be extended for a period equal to the duration of the conditions preventing performance, for a maximum term of six months.

11.4 Assignment. Coragrid may, upon notice to User, assign or transfer the Agreement, in whole or in part, in connection with a merger, acquisition, corporate reorganisation or sale of all or substantially all of its assets. User may not assign or transfer the Agreement without the prior written consent of Coragrid.

11.5 Export Compliance. Each party will comply with all applicable export control and trade and economic sanctions laws. User represents that it is not a named party on any government denied-party list.

11.6 Entire Agreement. The Agreement constitutes the entire agreement between the parties and supersedes all prior and contemporaneous understandings, agreements, representations and warranties, both written and oral, regarding its subject matter.

11.7 No Waiver. The failure of either party to enforce any right or provision of the Agreement will not constitute a waiver of future enforcement of that right or provision. The waiver of any such right or provision will be effective only if in writing and signed by a duly authorised representative of the party granting the waiver.

11.8 Severability. If any provision of the Agreement is held invalid or unenforceable, the remaining provisions remain in full force and effect, and the provision is applied to the maximum extent permitted.

12 APPLICABLE LAW AND DISPUTE RESOLUTION

12.1 Applicable Law. The Agreement will be governed by the laws of Finland, without regard to its conflict of laws principles.

12.2 Disputes. Any dispute, controversy or claim arising out of or in connection with the Agreement will first be addressed by negotiation between the parties. If it is not resolved within thirty (30) days, it will be settled by the District Court of Helsinki, Finland, as the court of first instance. A consumer resident in the European Union may also bring the dispute before the courts of their domicile or refer it to the Finnish Consumer Disputes Board (kuluttajariita.fi).
